INSIDE Public Accounting Reveals The Nation's Top 300 Accounting Firms 2015

Carmel, Ind. (Sept. 18, 2015) – INSIDE Public Accounting (IPA) is proud to present its first ranking of the nation's **Top 300** accounting firms – the only one of its kind.

The October issue of IPA will pick up where September's IPA 200 issue left off, ranking firms from No. 201 to No. 300. This definitive list was developed by gathering information from more than 500 firms that completed IPA's Survey and Analysis of Firms. Many professional associations also aided in the search for firms to add to the list, which IPA plans to publish annually.

For the most recent fiscal year, IPA 300 firms range in size from \$7.7 million to \$15 million, and from 25 to 120 staff. These firms employ more than 6,700 total staff across the nation.

For more than 25 years, IPA has sustained a tradition of groundbreaking excellence by compiling the annual IPA Top 100 and Top 200 accounting firms and the IPA Best of the Best. As the profession continues to grow and evolve, IPA will evolve with it.

Highlights of the IPA 300:

- 5.8% – Average revenue growth
- 5.9% – Average net income growth
- 11.3% – Average staff turnover
- \$75,777 – Average pay per professional staff
- \$406,265 – Average equity partner compensation
